Summer Research Programme Participation

I hereby confirm that Ishan Kanodia completed the Summer Research Programme at WMG, University of Warwick, from 7th May 2025 to 27th June 2025. During this time, he carried out a research project under the supervision of Prof. Greg Gibbons and Dr. Dmitry Isakov, Dr. Akhilesh Kumar, on a project titled: 'AI-Enabled Digital Forensics for Additive Manufacturing', in support of his BTech Degree at the Indian Institute of Technology, Kharagpur. The work was completed in a very satisfactory manner and met the objectives of the programme.
